

THRIVE

Wrap-around Care for the Head, Heart and Hand.

Information for parents

Our vision is that children have an opportunity to experience wrap-around care provision which is for the head, heart and hand. This vision is an extension of the school's curriculum offer and we want pupils to feel happy, nurtured and to have fun engaging in wide-ranging activities.

Breakfast club 7.30-8.35am

Pupils will have access to a well-balanced breakfast, including fruit and yogurt. There will be cereal, toast, fruit and yoghurt available every day, along with specials on a weekly basis including crumpets, croissants and pancakes. The children will have range of activities to participate in, including craft and games but also opportunities to be active before the school day starts. Each morning there will be different activities as demonstrated via a timetable. Pupils will also have a voice in the type of activities they would like. At the end of Thrive Breakfast Club children will go to their classes for registration.

Entry to Breakfast club is around the back of the staff carpark, at the back gate. There will be a buzzer which is specifically for Thrive. Please press this and a staff member will meet you and will register your child.

After School Club 3.10-6.00pm

The Thrive After School Club will begin in the school hall where children will register. There will be a range of activities for the children to engage with from sport to craft to drama, along with an opportunity to complete any home-learning if they choose to. Pupils will have access to a healthy snack, which always starts with vegetable sticks, followed by a more substantial menu, which will be published in advance. Parents will be able to pick up anytime until **6.00pm**.

Pick up from the After School Club will around the back of the staff carpark. There will be a buzzer which is specifically for Thrive. Please press this and a staff member will meet you and sign your child out of the club.

Please see out terms and conditions for more information.
