LADY JOANNA THORNHILL (ENDOWED) PRIMARY SCHOOL

Governor Strategy 2023-6

This statement sets out Governors' strategic direction for the development of Lady Joanna Thornhill (Endowed) Primary School. The intention is that this will be used by the Senior Leadership Team, feed into the School Development Plan and translated into aims and objectives that can be measured. It is a dynamic document, designed to ensure that change can be responded to in light of the needs of the stakeholders, school and local community.

Children:

To inspire a love of learning in every pupil through our curriculum for the Head, Heart and Hand

For our children to be able to demonstrate use of our school values in all aspects of learning and life- collaboration, curiosity, compassion and resilience

For our children to understand and be able to apply our three school rules of 'Stay safe', 'Aim High' and 'Be Respectful' not only within but also outside school and beyond

For the school to evidence that all children make excellent progress from their starting points, achieving the highest appropriate outcomes in all subjects and Early Years areas of learning across the curriculum

For our children to be courageous advocates and understand the importance of their rights through our school being a UN Rights Respecting School

Inclusivity:

For our school to be an inclusive learning environment where all children and staff feel safe and are equally valued

All children have all their individual needs met regardless of any challenges they face

That the curriculum is accessible to all children, regardless of any special needs they have

Diversity and equality is celebrated throughout the school

Community:

To continue to support our parents, carers and their families

To continue to strengthen relationships with schools within the CARE Foundation Trust to work collaboratively, share knowledge and to ensure the best possible outcomes for children, their families and staff

To continue the excellent relationship with the Friends Association and the Thornhill Trust and the local community to enrich learning and experiences for our children.

For our school to be sustainable and lead the way in the protection of our environment and local community.
